

## Sisley Comes to London City Airport

The Exclusive French Skincare and Cosmetics Company will open in London City Airport in January 2011

Sisley products are of the highest quality, with no consideration of cost or time in their development. The formulas are synergies of plant extracts, resulting in extremely high performing and unique combinations. Nothing is launched by Sisley unless it is the finest product of its kind.

Created in 1976, this exclusive, family owned, French skincare brand was unique for its application of botanical essences to cosmetology. Sisley offers a complete range of products for face, body, sun care, hair care, make-up with their first dedicated men's product, Sisleyum, launching in March 2011. Sisley is also renowned for its fine fragrances - Eau du Soir, Soir de Lune, Eau de Campagne - which have taken their place in the world of undeniable great classics.

The UK and Ireland operation, based in Knightsbridge, was set up 12 years ago and is run by Christine d'Ornano, daughter of Sisley's owners Hubert and Isabelle d'Ornano.
